

## Swiss PGA Further Education Winter Program

We are offering a 3 level Further Education Program, to give PGA Professionals the option to decide and choose their level of involvement. The Final program for November and December will be published and sent to the membership the first week of October.

### 1. Webinars

The webinars will be approximated 60 minutes duration, and we are looking to have 3 -4 per month during November to February. There will be 3 types of Webinars:

1. **Life on the Lesson Tee** – Career pathways that PGA Professionals have forged. The idea of these Webinars is to inspire and motivate Swiss PGA Professionals about the different career opportunities that their PGA qualification can propel them to. It's also meant to be an easy and enjoyable listening series so sit down, glass of wine/beer in hand and enjoy listening to these World renowned PGA professionals.
2. **Product Presentations** – This type of webinar is where companies can present their coaching technologies/products, to inform Swiss PGA professionals of the latest technologies and how they can be most effectively utilized in a Coaching environment
3. **Coaching/Teaching Educational Webinars** – These are webinars where expert Coaches will present, together with a Powerpoint, on a key coaching area/topic.

**Cost:** Free of Charge to Swiss PGA Members, Playing Professionals and Trainees

**FED points:** There are not FED points for attending these 1 hour Webinars

### 2. Further Education Days

Now that COVID travel restrictions are becoming more relaxed it has given us opportunity to start organizing these classic Further Education days as in the past, which will be delivered at venues throughout Switzerland during the Winter Period. We are currently confirming Presenters and Dates.

**Cost:** Varying cost according to the Presenter

**FED points:** 2 points per day

### **3. Further Education Certification Courses**

These courses offer Swiss PGA Professional's the opportunity to study more in-depth are specific area that they would be interested to specialize in. At the end of these courses there will be assessment/examination in order to gain the certification.

**Cost:** Varying cost according to the Course

**FED points:** Varies according to the length of the Course

Courses that are presently being put together are:

1. **Ground Force Mechanics** – Steve Gould/Mike Duffey
2. **Golf Club Membership Development Expert Course**- Multiple presenters overseen by Steve Astle
3. **Junior Development Expert Course** – Multiple presenters overseen by Gavin Grenville Wood
